1 GENERAL

1.1 APPLICATION

1.1.1 These requirements apply to ships, other than ships carrying liquefied gases in bulk, which utilize gas or other low flash point fuels as a fuel for propulsion prime mover/auxiliary power generation arrangements and associated systems and to which additional character of class **GF** is assigned. These requirements are in addition to the requirements for Survey of machinery (contained in the main text of the *Rules for the classification of ships, Part 1 – General requirements, Chapter 5 – Survey of ships in service*).

These survey requirements do not cover fire protection, fire-fighting installation, and personnel protection equipment.

2 RENEWAL SURVEY

2.1 Requirements of the *Rules for the classification of ships, Part 33 – Ships using gases or other low-flashing fuel, Annex 3, Head 2* should apply.

3 ANNUAL SURVEY

3.1 Requirements of the *Rules for the classification of ships, Part 33 – Ships using gases or other low-flashing fuel, Annex 3, Head 3* should apply.

4 INTERMEDIATE SURVEY

4.1 Requirements of the *Rules for the classification of ships, Part 33 – Ships using gases or other low-flashing fuel, Annex 3, Head 4* should apply.
