### **AMSA Focused Inspection Campaign (FIC) on Safety of Navigation**

AMSA announced Focused Inspection Campaign (FIC) on safety on navigation to be applied to foreign flagged ships and Regulated Australian Vessels (RAVs) arriving at Australian ports, running from 1st August 2021 to 30th September 2021.

The purpose of the campaign on ship's stability in general is:

- the level of compliance with the safety of navigation requirements of International Conventions
- the familiarity of the master and officers with their processes for ensuring safety of navigation

AMSA will undertake subject FIC in conjunction with a normal port or flag State control inspection. Any port State control deficiencies will be reported to regional port State control databases.
